Superintendent of Schools

Terry Andrews

Mission Statement

Student Achievement
is our #1 Priority.

November 3, 2011

Dear Parent/Guardian:

Beginning this school year, 8th grade students taking Algebra Honors will be required to pass a computer based end of course (EOC) exam in order to receive the high school credit. Receiving the high school credit is solely based on passing the EOC regardless of student grades throughout the school year. Our Algebra teachers will be providing periodic computer based testing to help students prepare for this test. If you or your student would like to review the computer based test at home, you may download instructions and a practice test (called an "ePAT") at www.FLAssessments.com/ePAT. Your student may practice as often as is necessary prior to testing.

Should you have any questions, please feel free to contact the school at 407-891-3200. For more information about the statewide assessment program, you may visit the Florida Department of Education website at <http://fcats.fldoe.org>.

Sincerely,

Cindy Chiavini
Principal
